### REBL HQ

REBL HQ is redefining the art of storytelling for digital entertainment. The studio serves as an innovation hub for the evolving world of online video delivery systems, production techniques, and storytelling. Since launching in March, 2015, the studio has worked across genres creating original content and branded series for clients such as Disney and Universal. REBL HQ is headquartered in Winter Park, FL in a 10,000-sq.ft. facility on the campus of Full Sail University that houses state-of-the-art sound stages and production resources.

### **FULL SAIL UNIVERSITY**

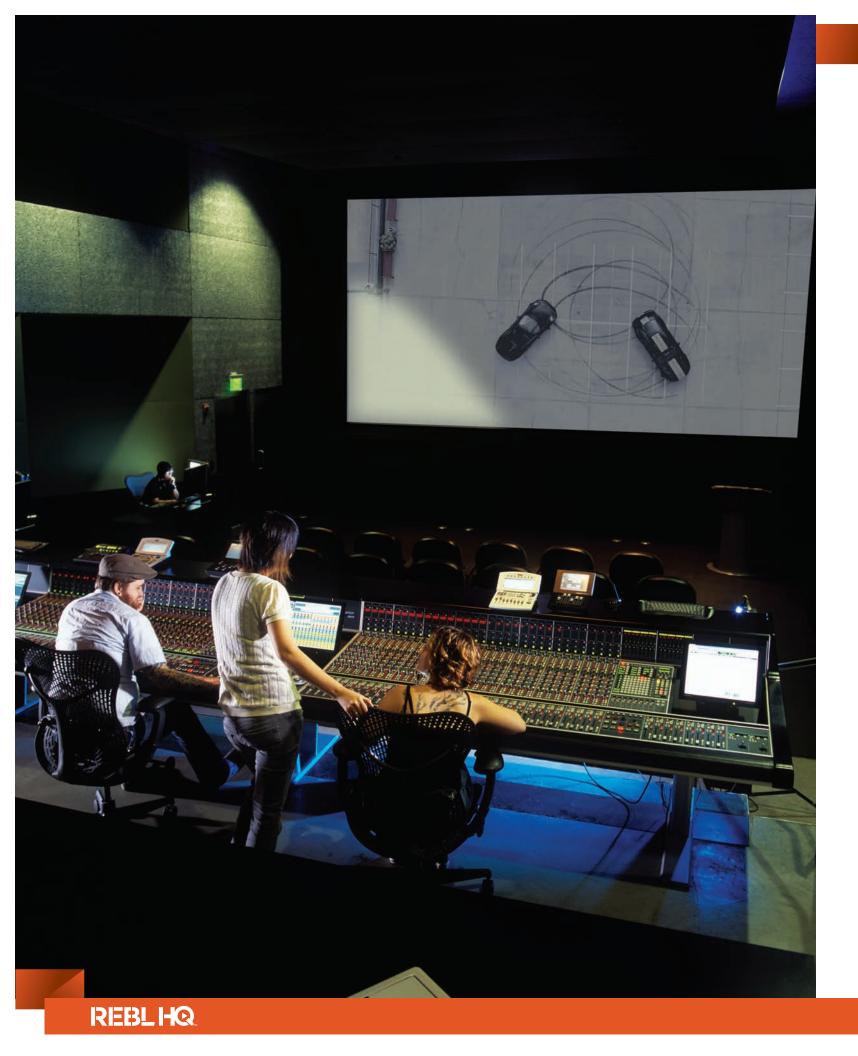

Founded in 1979, Full Sail University's 191-acre campus is located in Winter Park, Florida, northeast of downtown Orlando. The campus contains 822,000 square feet, with central administrative offices, a university library, and academic buildings – including a production backlot, more than 110 studios and production environments, an auditorium, and a Dubbing Stage that is Dolby® Digital approved as a postproduction facility.
